■ Installing the NorFonts

Go to FONTS folder and try to install all the BopMusic, LeadSheet, NorPen and RealScore fonts into your fonts system folder:

- **Windows**: *Copy then paste all the fonts to your Fonts System Folder (infos)*
- **macOS**: *DRAG the fonts to your FontBook (infos)*

■ Setting the Sibelius House Style Libraries *(Libraries exported from Sibelius 6)*

Go to Sibelius House Style librairies folder and copy then paste all the four .lib files to:

- **Windows**:

  C:\Users\{your_user_name}\AppData\Roaming\Avid\Sibelius\House Styles

- **macOS**: *Finder > Go > Go to Folder...* *paste:*

  ~/Library/Application Support/Avid/Sibelius/House Styles

■ Applying NorFonts to your Sibelius score

Now run Sibelius, open your score, go to *Appearence>House Style>Import...*
You can now import/load one of our NorFonts libraries from the list on the right, for example, you may:

- select BOPMUSIC SIBELIUS to apply the BopMusic House Style;
- select LEADSHEET SIBELIUS to apply the LeadSheet House Style;
- select NORPEN SIBELIUS to apply the NorPen House Style;
- select REALSCORE SIBELIUS to apply the RealScore House Style;

That's it!

◼ Installing the NorFonts

Go to FONTS folder and try to install all the BopMusic, LeadSheet, NorPen and RealScore fonts into your fonts system folder:

- **Windows**: *Copy then paste all the fonts to your Fonts System Folder (infos)*
- **macOS**: *DRAG the fonts to your FontBook (infos)*

◼ Setting NorFonts Finale Libraries
(These libraries were made in Finale 26 on Windows 8, we think they should work,
*if you make any better tweaks to these libraries please don't hesitate to share them with **us**!)*

Go to Finale librairies folder then copy/paste all the four .lib files to the following directories:

- **Windows**:
  C:\Users\{your_user_name}\AppData\Roaming\MakeMusic\Finale 26\Libraries

- **macOS**: ***Finder > Go > Go to Folder...*** *paste this:*
  ~/Library/Application Support/MakeMusic/Finale 26/Libraries/...

## ◼ Applying NorFonts to your Finale score

First, go to
Finale>Preferences>Open...
make sure that: *"Automatically
Sync Files to Symbols Fonts List"*
is checked.
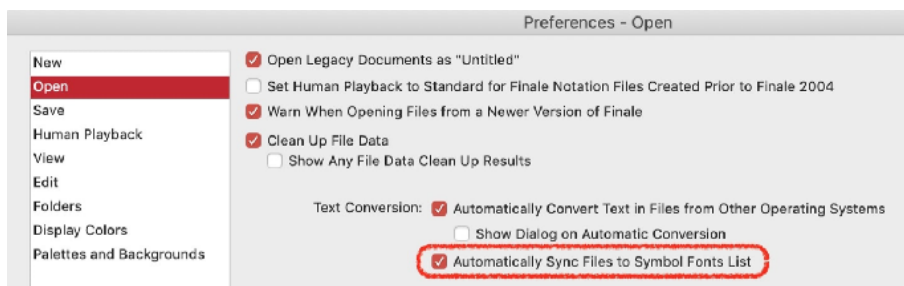

Now, run Finale, open your score, go to ***Document>Set Default Music Font...***
select 'BopMusicMM'; 'LeadSheetMM'; 'NorPenMM' or 'RealScoreMM' font.
Click ***OK*** to take effect of the changes.

You can also load one of our libraries, please go to **File>Load Library...**
choose:'*BOPMUSIC FINALE*', '*LEADSHEET FINALE*', '*NORPEN FINALE*' or
'*REALSCORE FINALE*', click ***OK***.
*Caution: (Note that these libraries are just basic and default libraries, you may
still want to make some changes to your scores.)*
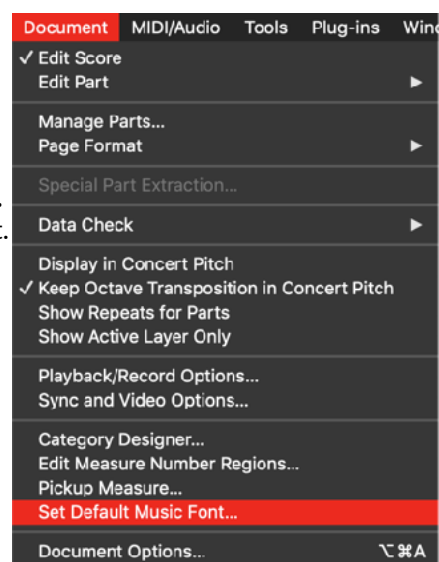

NOTE: *Finale 26 and Finale 26 can Auto-Generate
Font Annotation information for future use, so if you
encounter such a message just click **Auto-Generate**
and it's done.*
